.357-12Ga Mount (7500)

Ideal Products, Inc is the only manufacturer and distributor of this fully adjustable clamp. Designed to fit on all of our 12ga barrels, the .357 Clamp is a durable solid brass unit. It has a knurled thumb lock that allows diverse disrupter placement, up to 10° in any direction. The diverse placement provides close simultaneous shots as well as multi-directional impact. If you have further questions please call Scott Johns.
