## K8000 ROCK 12

The ROCK 12 is a wire and rebar cutting tool. Activated by shock tube, the ROCK 12 can be used simultaneously with other EOD tools. This tool is easy to use and assemble with minimal set up time. The strong stainless steel structure enables the ROCK 12 to cut through 2/0 wire and 1/2" rebar, while containing projectiles.

- Cuts 2/0 Wire
- Cuts 1/2" Rebar
- Minimal Recoil Action
- Shock Tube Initiated
- Self Containing Unit
- Reusable Barrel and Catcher
- Uses Standard PAN breech
