Robot X-Ray Equipment

- 5770 Robot X-Ray Panel Hanger
 - 5771 Robot X-Ray Source Hanger
 - 5774 Robot X-Ray Source Platform
 - 5775 X-Ray Relay Switch
- Hangers have a free pivoting head to always hang perpendicular. These tools allow the operator to x-ray an item with a robot. The hangers work in the gripper of any robot. The platform works only on an F6.
