Tactical Disrupter 12 gauge

- Tactical disrupter barrel is 12 gauge and 12" long and uses the standard PAN breech with ACME threads
- Tactical barrel can fire all standard PAN rounds
- The barrel is titanium and has an ACME threaded muzzle end to accept standard T3 disrupter 6" smooth bore tip and 6" rifled tip
- Will hold 50ml of water without extension.
- Tactical barrel can be purchased separately or with a stand and mounting sleeve. There are two different choices of stands available.
- Tactical barrel can fit standard PAN mounts and accessories
- Tactical barrel muzzle end is larger than a standard PAN barrel and cannot use a standard PAN over the barrel laser sight. Must use bore sight laser or larger over the barrel laser sight
