

FAST RESPONSE WIRE CUTTING KIT (K6500)

- Shock Tube Initiated
- Multiple Extensions
- 4 Cutting Tools per kit
- Simultaneous Firing
- Compatible with Multiple Tools
- Cuts up to 14 gauge Wire
- Replaceable Spare Parts

The Fast Response Wire Cutting System is strong and compact. The system is small enough to fit into confined areas, such as locker vents. However, it is strong enough to sever 14-gauge wire.

Each kit comes with 4 cutters and 4 extension tubes. The 4 cutters can be fired simultaneously and extended to 24 ¾”.

The Fast Response is a great accessory to disrupters. Technicians are able to disable devices without destroying valuable evidence, leaving the package intact.
